

Traini FLIP TOP TABLE

omni

200kg load capacity.

Flip-fold design for space-saving.

Crossbeam with telescopic adjustment.

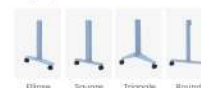

Omni Flip-Top Table seamlessly adapts to diverse settings with its intelligent engineering. Compatible with all leg configurations – from minimalist tubular frames to robust trestle bases – it delivers unmatched versatility without compromising style or stability.

FEATURES

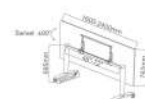

- Instant Space Transformation**
 The patented one-touch folding mechanism enables effortless table setup and storage, reducing room reconfiguration time by 50% compared to fixed tables.
- Enhanced Mobility**
 Integrated dual-lock castors (standard) ensure smooth movement across floors, while automatic brake engagement guarantees safety when stationary.
- Smart Cable Management**
 A concealed, full-length tray organizes power and data cables discreetly, maintaining clean sightlines in professional environments.
